### SKILLS

#### Skill Level Key

Flawless	10
Smokin'	8
Pretty Good	6
Passable	4
Rookie	2

### SUMMARY

I'm a professional Front-End Web Developer and Interface Designer. I pride myself on producing clean, readable, maintainable code, as well as attractive and usable web designs. I excel in balancing my "right-brained" creative half with my "left-brained" logical half, and I'm obsessive about learning new technologies and techniques.

### EXPERIENCE

Skills*	Level		
		<b>ZAGG Inc.</b>	(September 2012 – Present)

### **Service Repair Solutions Inc**

(January 2010 – April 2010)

*UI Engineer & Web Designer*

I was tasked with updating and maintaining the style guide for identifix.com. Also, in my role as a UI/UX Designer I created wireframes, mockups, and storyboards for a proposed website project.

**Technologies and Tools:** HTML, CSS, JavaScript, Silverlight, Visual Studio, Adobe Illustrator & Dreamweaver, Microsoft Expression Studio
